

NeuroScan AI • Clinical Diagnostic Report

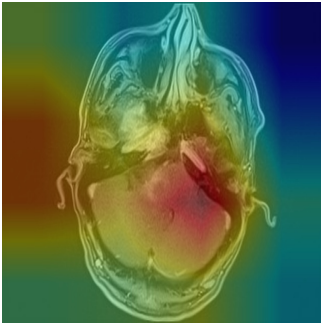

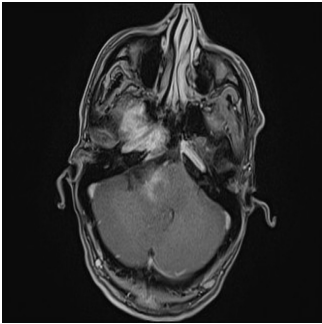

Automated Multi-Model Ensemble Brain Tumor Classification System

Patient ID: N/A	Modality: Standard MRI
Age / Gender: N/A	Region: Asia

Ensemble Model Predictions

Model Architecture	Predicted Classification	Confidence Score
DenseNet121	Schwannoma T1C+	72.01%
MobileNetV2	Schwannoma T1C+	70.01%
VGG16	UNCERTAIN / LOW CONFIDENCE	32.55%

Visual Analysis & Grad-CAM Heatmap

Recommended Specialist Facilities (Asia)

Hospital / Center Name	Lead Specialists & Department
All India Institute of Medical Sciences (AIIMS)	Location: New Delhi, India Department: Department of Neurosurgery & Neuro-Oncology Key Specialists: • Dr. P. Sarat Chandra (Professor & Head of Neurosurgery) - <i>AIIMS OPD Portal</i> • Dr. Ashish Suri (Professor of Neurosurgery & Skull Base Surgery) - <i>AIIMS Patient Care Portal</i>
The University of Tokyo Hospital	Location: Tokyo, Japan Department: Department of Neurosurgery Key Specialists: • Prof. Nobuhito Saito (Director & Chief of Neurosurgery) - <i>UTokyo International Medical Center</i>
